ICES Parent News and Notes

ICES EEP Registration:

February 3rd - "Intent to Register" begins for north and south side EEP programs. Families will need to bring all the necessary registration requirements (\$40 registration fee paid, proof of birth certificate/completion of form to get a birth certificate and showing some other legal document that provides proof of legal name and birthdate).

EARLY EDUCATION & KINDERGARTEN

OPEN HOUSE

THURSDAY, FEBRUARY 6
6:30-8:00PM
IMMANUEL CHRISTIAN ELEMENTARY

TOWN HALL 2020

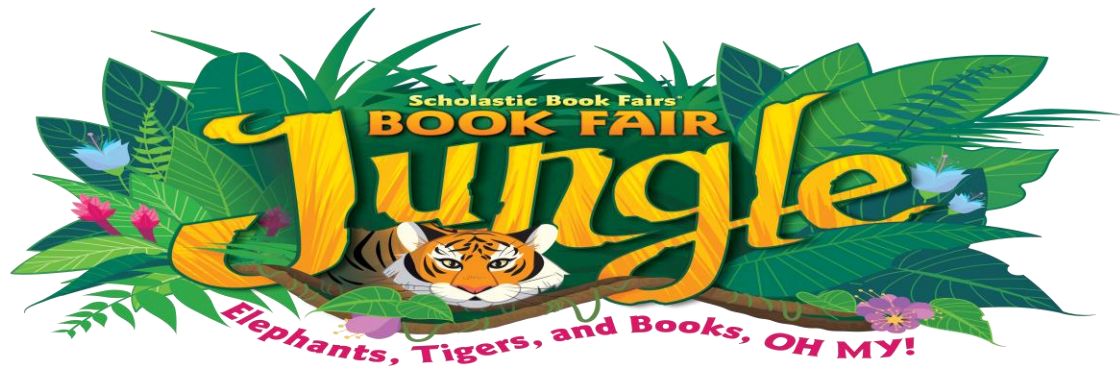

FEB. 11, 6:30 P.M. - VICTORIA PARK HIGH SCHOOL

VISIT WWW.LETHSD.AB.CA TO LEARN MORE

Lethbridge School Division Town Hall Meeting: The purpose of the meeting is to seek feedback to assist the District and Board of Trustees in planning for the future. The evening will be spent with stakeholders exploring priorities in preparation for what is anticipated to be a challenging planning cycle for finances and subsequent allocation of resources.

ICES is asked to have 4 parents from its parent community come and attend this event. This is a great opportunity to connect with Leth school division personell and to share your thoughts related to education in a relaxed, collegial atmosphere. If you are at all interested or if you have more questions, please contact the school office. There are still spaces left!

You are invited to:

OUR BOOKFAIR JUNGLE!!

WHERE WE ARE WILD ABOUT BOOKS!

WHEN: THURSDAY, FEBRUARY 6, FRIDAY, FEBRUARY 7 AND MONDAY FEBRUARY 10 (AM ONLY)

WHERE: IMMANUEL CHRISTIAN ELEMENTARY SCHOOL LIBRARY

The **Jungle Book Fair** is the theme for the Scholastic Book Fair to be held on February 6, 7 and 10 of this year. The Book Fair is a fund raising event to help buy new books for our school library as well as a great way to get students excited about reading. We are excited to also have **Living Christian Books** at the Book Fair again this year. A flyer will be sent home showing some of the Scholastic books and Christian books that will be available at the Book Fair. There will also be little gift items and posters available for purchase.

PAYMENT: Cash, cheque, debit, Visa, Mastercard and American Express will all be accepted for Scholastic Books. You may send one cheque to be used for all your children attending the Book Fair with a note letting us know **WHICH CHILDREN AND THEIR GRADE** will be purchasing books with the cheque. Please send the cheque along with the first child attending the book fair or give me a call or email (nellie.konynenbelt@lethsd.ab.ca) and I will make a note of it. Cheques should be made payable to ICES. **PLEASE NOTE: CHRISTIAN BOOKS MUST BE PAID SEPARATELY FROM THE SCHOLASTIC BOOKS AND CAN ONLY BE PAID BY CASH OR CHEQUE.**

NOTE: The Book Fair will be open during the noon hour for parents and teachers. Parents, if you would like to attend the Book Fair with your child but are unable to be there during their scheduled time with their class, you may bring them in during the noon hour. We will put their books on hold as we would prefer that students get their books during their scheduled period or it will be sent home with the parent to avoid any controversy.

A **permission slip** will be sent home with the flyers and we request that you fill it out and return it to your teacher as soon as possible.

CLASSROOM WISH LIST: Each classroom will have a wishlist of books chosen by the teacher that will enhance learning in their classroom. If you wish to purchase any of these books for your child's classroom on behalf of the teacher, please let us know when you purchase your books.

BOOK FAIR SCHEDULE

THURSDAY, FEB 6

FRIDAY, FEB 7

SNACKS AND DRINKS AVAILABLE TO PURCHASE

Helmets mandatory for youth under 18

Numeracy Tips

Numeracy is everywhere. When we use math skills in everyday situations, we are using numeracy. We use understanding of number, patterns, shape, and data to make informed decisions.

Games and Activities

Why are games and activities important in numeracy?

- When individuals engage in games and activities, they enhance their numeracy skills.
- Playing games and activities allows individuals to recognize that numeracy is part of our daily lives.

Find out more:

- Consider *Activities for Every Day* from Math For Families: Helping your child with math at home. Achieve BC: http://www.sd47.bc.ca/Programs/earlylearning/Documents/math_for_families.pdf
- Watch a video to find out more:
 - Alberta Education Numeracy Video <https://education.alberta.ca/literacy-and-numeracy/numeracy/everyone/numeracy-video/>

Use our app EPSB Together

Download [EPSB Together](#), a free app that suggests activities you can do with your child to support your child's learning outside of the classroom. You can download the app on Google Play and the Apple App Store.

How can I help my child?

Together with your child, try these activities:

- Play games that deal with logic, reasoning, estimation, direction, classification and time. Examples of games include: Concentration/Memory, Chess, Checkers, Othello®, Sudoku® puzzles, Crib®, Clue®, card games, dice games. Examples of on-line games can be found at: <http://www.thinkfun.com/play-online/?src=HomepageButton>
- A variety of active, traditional games can be found at: <https://docs.google.com/viewer?a=v&pid=sites&srcid=ZXBzYi5jYXxlZHVraXRzfGd4OmZlMTZjNG-NhNGY4ZWJmMA>
- Go for a numeracy walk. Collect leaves, stones, pinecones, etc. Sort them, count them and make patterns with them. Encourage your child to explain what they notice.
- Make familiar objects available for your child to explore (e.g. toys, blocks, buttons, measuring devices).
- Provide materials such as pencils, paper, scissors, paint, chalk and glue for creative play.
- Set up a play store with objects for sale.
- Read books together and talk about the ideas related to numeracy including number, time and location.
- Cook together. Include measuring ingredients. Try doubling or halving recipes. Figure out how much to make for a certain number of people.
- Plan a trip to a local park, zoo or swimming pool. Talk about travel route, time and money while planning.
- Go on a treasure hunt. Draw a map. Use directional clues such as over, under, above, below, next to and beside.
